Test	Result	Normal Range
S. Bilirubin (Total)	0.7 mg/dl	0.4-1.0 mg/dl
S. Bilirubin (Direct)	0.2 mg/dl	0.1-0.4 mg/dl

Lab Technician: Milan Khanal

Overall Review

The pathology report indicates that the patient, Sapana Thapa, has elevated hemoglobin (13.0) and platelet count (193,000). The liver enzymes are within normal limits, but the total bilirubin is slightly elevated (0.7). The patient's fasting blood sugar is within normal limits (97.0), but the typhoid serology is positive for both
